

# SEO SUPERCHARGER

**50** Social Bookmarking  
Sites to Supercharge Your  
Linking Campaigns!

## Intro

I'll keep this short, as we all know that social bookmarking sites are fantastic places to get links from, what follows is a list of 50 of my favourite sites, and some stats for each one. They are sorted in descending order by Pagerank™.

Sign up to any of them you aren't using already and start to supercharge your linking campaigns!

## The Sites:

[Slashdot.org](http://Slashdot.org) - The Pagerank™ big daddy of social bookmarking sites, has a heavy slant towards technological sites so try to only bookmark related websites.

**Homepage PR: 9**

**Alexa Ranking: 10,393**

[Digg.com](http://Digg.com) - I think everyone has heard of Digg! This is the Alexa big daddy of social bookmarking sites. It has a strict community who don't like shameless self-promotion, so try to make sure you bookmark other interesting sites as well, not just yours.

**Homepage PR: 8**

**Alexa Ranking: 249**

[BlinkList.com](http://BlinkList.com) - A very popular and fast social bookmarking site, covers all sorts of different topics so it is more versatile than Slashdot.org.

**Homepage PR: 8**

**Alexa Ranking: 35,360**

[Propeller.com](http://Propeller.com) - A professional and well liked site, has full-time editors who filter out bookmarks that are for commercial use and also catch people using multiple accounts.

**Homepage PR: 8**

**Alexa Ranking: 3,293**

[Reddit.com](http://Reddit.com) - You can vote stories up and down here like giving them 'Diggs'. Covers a wide range of topics so most websites should be covered.

**Homepage PR: 8**

**Alexa Ranking: 3,801**

[StumbleUpon.com](http://StumbleUpon.com) - This site allows you to bookmark sites that you 'stumble upon' as you browse the web. If the site is already in their index then you can just add a review to it rather than bookmarking it again. Very good traffic if your site gets some good reviews - I've had 2000+ visitors in a day from here!

**Homepage PR: 8**

**Alexa Ranking: 820**

[Technorati.com](http://Technorati.com) - A site specifically for blogs, you submit and claim your blog, then when you make a post you ping this site which will come and index your latest posts for other people to see.

**Homepage PR: 8**

**Alexa Ranking: 588**

[Delicious.com](http://Delicious.com) - A popular bookmarking site covering a wide range of topics, moved from del.icio.us which used to be its URL.
